10 Register for the auction

In auctions with a safe deposit you must first register: click **“Register”**, accept the general conditions of sale and click **“Confirm”**. If you do not win any lot, the deposit is returned.

HOW TO BID (CONTINUED)

11 Place your bid

On the lot page, enter the bid you want:

OPEN VALUE — value from which you can bid. If the highest bid does not reach the base value, the sale of the lot is not guaranteed.

BASE VALUE — value from which the lot is considered sold: any bid equal to or greater than it guarantees the purchase.

QUICK BID — use one of the suggested values.

DIRECT BID — enter the value you want and click “Bid”.

AUTOMATIC BID — insert the maximum value you intend to offer; the system manages the bids for you, up to that maximum.

Example: with an automatic bid of 1 000 000 the system places the lowest possible bid. If another bidder offers 750 000, the system automatically raises your bid — at the end you hold the highest bid, paying only the necessary value.
